The Literary and Scientific Society.

University College, Oct 30 1913

President R. A. Falconer,
University of Toronto.

Dear Dr. Falconer. —

You may remember that I called on you a couple of weeks ago with reference to inviting Mr. Taft to the University College dinner.

We would like to have you invite Mr. Taft for us. We are planning to make the dinner this year a special event because it is the sixtieth anniversary of the Society, and have a committee about the commensal work, that intends to interest as many graduates as possible to make the dinner a re-union.

Principal Hutton approves of the plan and also thinks it would be best for you to invite Mr. Taft for us.

Of course, Mr. Taft will fix his own date, but if you will suggest February, it would suit our plans.

Thanking you for your interest,
Yours sincerely,
J. P. Ferguson.
